

Athletics Compliance Office

MEALS: MEN'S BASKETBALL TRAINING TABLE

COACHES: This form is to be submitted to the Athletics Compliance Office for any and all training table meals. All information must be filled in completely, and the meal facilitator must account for the presence of all individuals who attend the meal.

NCAA Bylaw 15.2.2.1.6 Training Table Meals. The cost of meals provided on the institution's training table shall be deducted from a student-athlete's board allowance, even if the student-athlete is not receiving a full grant-in-aid. In determining the cost figure to be deducted, the institution may use the actual meal costs listed in the institution's catalog or the average meal costs of its student-athletes living on campus.

16.5.2(c) Permissible Meals – Training Table. An institution may provide only one training-table meal per day to a student-athlete during the academic year on those days when regular institutional dining facilities are open.

*By signing in the space below, I acknowledge that I have reviewed the NCAA rules and regulations related to training table meals. I have accounted for all student-athletes and other individuals attending the training table meal on the date listed, and have not allowed any individuals or student-athletes who are not permitted to receive a training table meal to do so. I am aware that non-scholarship athletes (e.g., walk-ons) must pay **THE ACTUAL COST** for training table meals, and may not receive a training table until written confirmation of payment has been received and verified by the Athletic Compliance Office.*

What is the actual cost of this meal (e.g., \$16.75 per head)
